

I bought a NatureChlor- now what?

Here are a few ways to use the safe and effective HOCl you made with your new NatureChlor unit:

Sanitize

Countertops

Bathrooms

Food Prep - HOCl kills food-borne bacteria like Salmonella

Pre-wash fruits and veggies before eating

Sanitize children's toys

Clean bowls for pet's food and water

Spray on pet's fur or skin - promotes healing

Personal Care

Sanitize hands

Spray on scratches or wounds

Add to your washer when doing laundry

Helps to treat acne

Spray on your toothbrush daily

Use it to sanitize hotel and Airbnb rooms

Sanitize cell phone and handbags

Spray on plants or add to water for cut flowers

Research online for more info on HOCl and ways to use it!
